**VOLUNTARY ANNOUNCEMENT
AWARDED WITH REGISTRATION CERTIFICATE
FOR NON-ABSORBABLE SURGICAL SUTURES
BY THE BEIJING MUNICIPAL MEDICAL PRODUCTS ADMINISTRATION**

This is a voluntary announcement made by Beijing Chunlizhengda Medical Instruments Co., Ltd.* (the “**Company**”, together with its subsidiaries, collectively as the “**Group**”), aiming to providing the shareholders of the Company and prospective investors with the latest development about the business operation of the Group.

The board of directors of the Company (the “**Board**”) is pleased to announce that the Company has recently received the registration certificate for non-absorbable surgical sutures (非吸收性外科縫線) issued by the Beijing Municipal Medical Products Administration of the PRC. Non-absorbable surgical sutures are suitable for soft tissue suturing or ligation and are made of ultra-high molecular weight polyethylene yarn in compliance with the YY/T 1431-2016 standard, with some sutures having needles. The awarding of the registration certificate for non-absorbable surgical sutures represents the Company’s further step forward in the field of sports medicine.

The sutures are made of ultra-high molecular weight polyethylene yarn with minimal tissue response and good biocompatibility. The sutures have a smooth surface, even yarn levelness, excellent suturing performance, no knots. They do not fade and are soft and abrasion resistant, with a tensile strength well above standard. The suturing needles are made of medical-grade stainless steel with excellent material, good elasticity and tenacity and sharp puncture. Suturing needles and sutures are fluidly connected with smooth needle ends and robust connection strength. The Company offers three color options (blue, white and blue-white) sutures and suture needles to facilitate surgical identification and management. Sutures and suturing needles are available in a wide range of specifications and combinations, and surgeons may choose from a full range of products according to surgical needs.

By order of the Board
